

[Must...resist..](#)

Wednesday, March 19, 2008 at 9:17pm

I have a zillion things I want to blab about. Today was another thought-provoking one in many ways. I had great chats with my MP and my father. I want to expand on a past blog, I want to talk about dancing and future economic development in New Brunswick.

But I have an exam tomorrow >_<. Lets hope this stays fresh until then.
